

FEMA

## Building Resilient Infrastructure and Communities (BRIC)

### What is BRIC?

FEMA provides federal funds for the Building Resilient Infrastructure and Communities (BRIC) grant program to state, local, tribal and territorial governments for hazard mitigation activities, including capacity and capability activity types and hazard mitigation projects. BRIC is funded by a 6% set-aside from federal post-disaster grant funding each year. Funding is set aside for States and Tribal communities, while the remainder is left for national competition.

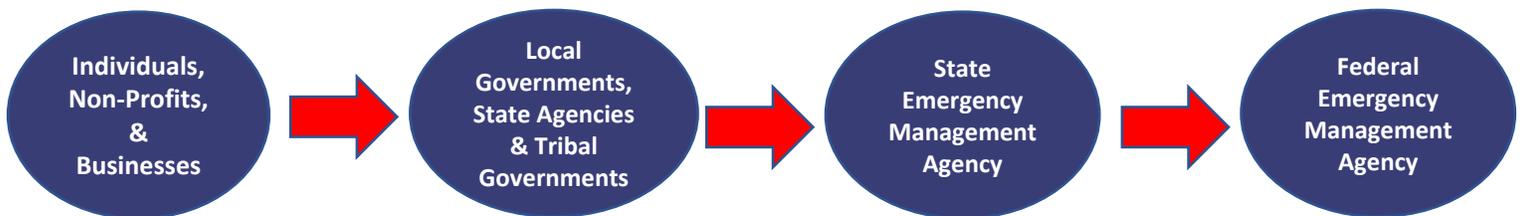

### What Can BRIC Help Fund?

- Building Code Activities
- Managements Costs
- Project Scoping for specific infrastructure\*
- Hazard Mitigation Projects\*\* (Must have FEMA Benefit Cost Analysis (BCA) of 1.0 or higher)

### Who is Eligible to Apply?

Local Governments, Federally recognized Tribal Governments, and State Agencies who have a FEMA-approved Local Hazard Mitigation (LHMP).

### Cost Share

75% federal cost share funding/ 25% non-federal cost share

90% federal and 10% non-federal for small impoverished communities\*\*\*

FEMA provides 100% federal cost share funding for management costs.

\*Project Scoping grants must follow State, Local, and Federal Procurement Standards

\*\*Shovel Ready Projects over \$250,000 are subject to the Build America Buy America Act and must follow State, Local, and Federal Procurement Standards

\*\*\*Small impoverished communities as defined at 42 U.S.C. § 5133(a)

## Application Timeline

## What Projects Could BRIC Fund?

### Generators

**Building Code Adoption Support/Training**

**Property Acquisition/Relocation/Demolition**

**Drainage Improvements**

**Emergency Shelters/Safe Rooms**

**Water Treatment Plant Renovations/Relocation**

**Landslide Mitigation**

**Seawall Repairs and Updates**

**Stormwater Retention**

**Bridge Renovations or Installation**

**Fire Hazard Mitigation**

**Microgrids/Nanogrids**

**Flood Control**

**Underground Power Lines**

**Dam Renovation/Installation/Removal**

**Sewer Upgrades**

**Pump Stations**
